THE MINISTER OF STATE IN THE DEPARTMENTS OF EDUCATION AND CULTURE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (SHRI L. P. SHAHI): (a) to (c) Education of the severely handicapped children is the concern of the Ministry of Welfare. According to the information furnished by that Ministry, the Institute for the Physically Handicapped, Vishnu Digamber Marg, New Delhi, is running a special school for orthopaedically handicapped children since 1978. Orthopaedically handicapped children in the age group 6 to 11 years are admitted to this school. During the year 1988-89, 44 children were on the rolls of this school. The present policy of the Government is that segregation of orthopaedically handicapped children should be avoided and instead of running special schools for them, they should be provided integrated education along with the normal children, so as to ensure their proper development. Keeping this in view, it has been decided to phase out gradually the special school being run by the Institute for the Physically Handicapped. Even after phasing out of this school, one or two sections of classes will continue to be run in the Institute so that children who come to the Institute for corrective surgery and fitment of limbs do not have to miss their schooling for this duration. The children who are already in the school will continue to be there till they pass out of the school.
